ABBREVIATION REFERENCE: AIR = American Indian Reservation; Trust Land = Off-Reservation Trust Land; TJS = Tribal Jurisdiction Statistical Area; TDSA = Tribal Designated Statistical Area; ANYSA = Alaska Native Village Statistical Area; ANRC = Alaska Native Regional Corporation; CCD = Census Civil Division; CDP = Census Designated Place; BNA = Block Numbering Area

Figure 1 illustrates various symbols used in map design, categorized into different types of features and boundaries. The symbols are arranged in a grid-like fashion with labels above them:

- Highway**: A thick solid line.
- Secondary Road**: A thinner solid line.
- Jeep Trail/Walkway/Track**: A dashed line.
- Railroad**: A line with cross-ticks.
- Pipe/Power Line**: A line with small circles or dots.
- Ridge/Physical Feature**: A line with small triangles or humps.
- Property/Fence Line**: A line with small squares or rectangles.
- Nonvisible Boundary**: A dotted line.
- Stream/Shoreline**: A wavy line.
- Intermittent Stream**: A wavy line with a dashed center.
- River**: A wavy line with a solid center.
- Glacier**: A wavy line with a solid center and a dashed outline.
- Modality**: A rectangular box with a blue border and white dots.
- Inset**: A rectangular box with a gray border and a gray background.
- Out Area**: A rectangular box with a gray border and a white background.

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

² In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a '.99' suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.

³ A "*" following a block number indicates that the block number is repeated elsewhere in the block.

All legal boundaries and names as of January 1, 1990 as tabulated for the Public Law 94-171 and Summary Tape File products. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1927 (NAD27) to the datum as of 1983 (NAD83) and made numerous updates to the base features from those depicted in 1990. The boundaries shown on this map are for the Census Bureau's statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights or ownership or entitlement.
